

Second Quarter 2020 Investor Review

August 5, 2020

PEOPLE AND TECHNOLOGY CREATING A SAFER, CLEANER ENVIRONMENT

Forward Looking Statements and GAAP Disclaimer

These slides contain (and the accompanying oral discussion will contain) forward-looking statements, which are generally identifiable by use of the words "believes," "expects," "intends," "anticipates," "plans to," "seeks," "should," "estimates," "projects," "may," "likely" or similar expressions. Such statements may include, but are not limited to, statements about future financial and operating results, the Company's plans, objectives, expectations and intentions and other statements that are not historical facts. Forward-looking statements are neither historical facts nor assurances of future performance. Such statements are based upon the beliefs and expectations of Clean Harbors' management as of this date only and are subject to certain risks and uncertainties that could cause actual results to differ materially, including, without limitation, the risks and uncertainties surrounding COVID-19 and the related impact on our business, and those items identified as "Risk Factors," in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 26, 2020. Therefore, readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's opinions only as of the date hereof. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Clean Harbors undertakes no obligation to revise or publicly release the results of any revision to these forward-looking statements other than through its filings with the SEC, which may be viewed in the "Investors" section of the Clean Harbors website.

Statement Regarding use of Non-GAAP Measures:

Adjusted EBITDA, adjusted free cash flow, adjusted net income and adjusted earnings per share, as presented in these slides, are non-GAAP financial measures and should not be considered alternatives to other measurements under generally accepted accounting principles (GAAP), but viewed only as a supplement to those measurements. These non-GAAP measures are not calculated identically by all companies. Therefore our measurement of Adjusted EBITDA, while defined consistently and in accordance with our existing credit agreement, and our measurements of adjusted free cash flow, adjusted net income (loss) and adjusted earnings (loss) per share may not be comparable to similarly titled measures reported by other companies. We believe that Adjusted EBITDA provides additional useful information to investors since our loan covenants are based upon levels of Adjusted EBITDA achieved and the fact that management routinely evaluates the performance of its businesses based upon levels of Adjusted EBITDA. We believe adjusted free cash flow provides useful information to investors about our ability to generate cash. We believe adjusted net income (loss) and adjusted earnings (loss) per share provide useful information about our performance excluding non-recurring or extraordinary items.

Adjusted EBITDA consists of net income (loss) plus accretion of environmental liabilities, depreciation and amortization, net interest expense, loss on early extinguishment of debt, provision for income taxes and excludes other gains, losses and non-cash charges not deemed representative of fundamental segment results and other (income) expense, net. Adjusted free cash flow consists of net cash from operating activities excluding cash impacts of items derived from non-operating activities, such as taxes paid in connection with divestitures, less additions to property, plant and equipment plus proceeds from sale of fixed assets. All amounts in USD unless otherwise noted.

For a reconciliation of Adjusted EBITDA and adjusted net income to net income, a reconciliation of adjusted earnings per share to net income per share and a reconciliation of net cash from operating activities to adjusted free cash flow, please refer to the appendix of this presentation.

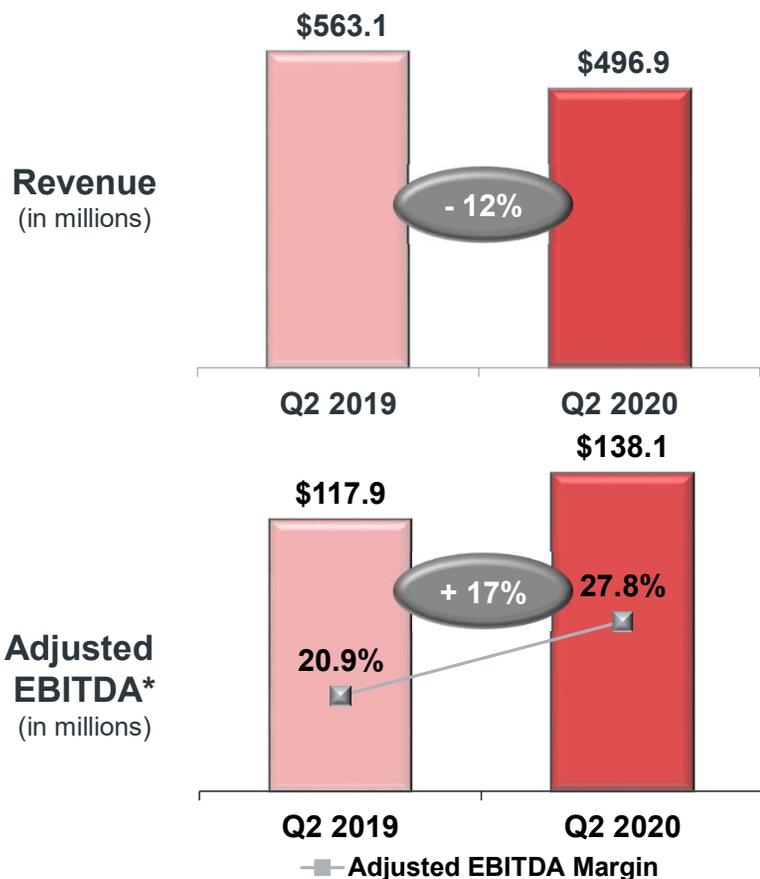

Summary of Q2 Results

- Revenue of \$710.0M reflecting overall economic slowdown resulting from the pandemic
- GAAP and Adjusted EPS of \$0.52
- Adjusted EBITDA* was \$135.5M, including \$23.4 million from government pandemic relief programs; Adjusted EBITDA margins climbed 190 bps to 19.1%
- Adjusted free cash flow was \$98.1 million
- Environmental Services segment delivered excellent results due to strong performance in incineration and decontamination work
- Safety-Kleen segment challenged by nationwide shutdowns early in quarter and related effects on both branch business and re-refining
- Corporate segment up slightly as cost savings mostly offset bad debt, severance and higher YoY employee benefits

* For a reconciliation of non-GAAP measures to its nearest GAAP equivalent, please refer to the appendix in this presentation.

Environmental Services

Q2 Performance

- Revenue decrease primarily due to COVID related slowdown across multiple lines of business offset by decontamination and incineration
- Adjusted EBITDA and margin up significantly on cost reductions, strong performance in facilities, ER work and government assistance programs
- Incinerator utilization was 87% vs. 82% in Q2'19 due to strong backlog and chemical waste streams; average price per pound up 6% due to improved mix
- Landfill tonnage down 24% YoY primarily due to lower project volumes; partly offset by an increase in average price per ton of 15% based on mix
- \$50M in the quarter from COVID-19 decontamination response work

* For a reconciliation of Adjusted EBITDA to net income, please refer to the appendix in this presentation.

COVID-19 Response Work

- First-mover advantage; capitalized on our existing ER reputation
- Generated \$60M YTD
- More than 7,000 responses as of today; opening doors to new customer relationships
- Varied locations: retail stores, offices, hospitals, warehouses, manufacturing plants, schools, transportation hubs, apartment buildings and sports stadiums
- Expect work to subside over time but continue through to the vaccination stage

CleanHarbors
TOP 3 WAYS CLEANING CAN HELP WITH
 BUSINESSES ACROSS THE U.S. ARE FRANTICALLY WHAT IT MEANS TO THEM. THEIR EMPLOYEES. For 40 years, Clean Harbors has specialized in it in the historic anthrax, bird flu, oil and gas oil and experience to help a business like you

1 PREPAREDNESS
 Having the right plan in place in case of infectious diseases response. Agree on system set-up for your business and prioritize it in the event of a crisis. Having an agreement like this in place and your business are in the best position to respond.

2 BUSINESS CONTINUED
 We offer more than just cleaning services. We offer more than just cleaning services. We offer more than just cleaning services. We offer more than just cleaning services.

3 RESPONSE
 If your business does face a crisis, we are there to help. We offer more than just cleaning services. We offer more than just cleaning services.

Ordinary DISINFECTION

- Can be used when there is a plausible, possible or known presence of virus.
- Proper hygiene task that is a good exercise for prevention.
- Should not be used to combat virus if known case of COVID-19 is present.
- Has no effect on SARS-CoV-2, which causes the COVID-19 disease.
- Does not remove the contamination, it can only reduce it.

Clean Harbors DECONTAMINATION

- Should be utilized when there is a plausible, possible or known presence of the virus.
- Performed by HAARBORS-trained professionals using EPA-approved SARS-CoV-2 solutions that eradicate the contamination.
- Entire focus is on killing the virus, utilizing everything from foggers to misting equipment, while wearing Level 3 PPE with hood, body protection and full-face respirators.
- Complete removal of contamination - remaining waste is safely managed and legally transported to one of our incinerators, where it is completely destroyed down to the molecular level.

THE WAR ON CORONAVIRUS IS TOO DANGEROUS TO TRUST TO A JANITORIAL SERVICE.

Whatever the emergency, you can be sure that our response personnel will ensure the clean-up and disposal of your waste in strict accordance with the most current CDC, EPA and DOT regulations. At the conclusion of the event, Clean Harbors will safely transport and dispose of any COVID-19 waste at one of our approved incineration facilities.

Since 1980, Clean Harbors has taken the lead in identifying the most effective, safe and environmentally sound options for managing environmental and infectious emergencies. Our commitment to integrity and high performance standards has resulted in long-standing business relationships with government agencies, insurance companies and a majority of Fortune 500 companies. With more than 410 service locations, 71 dedicated emergency response offices, and over 100 waste management facilities throughout North America, Clean Harbors is your single source for the safe, efficient management of any environmental or infectious event.

With the right focus on preparedness and business continuity coupled with a world-class partner like Clean Harbors, your employees, family and stakeholders will all have the confidence and security they deserve.

Q2 Performance

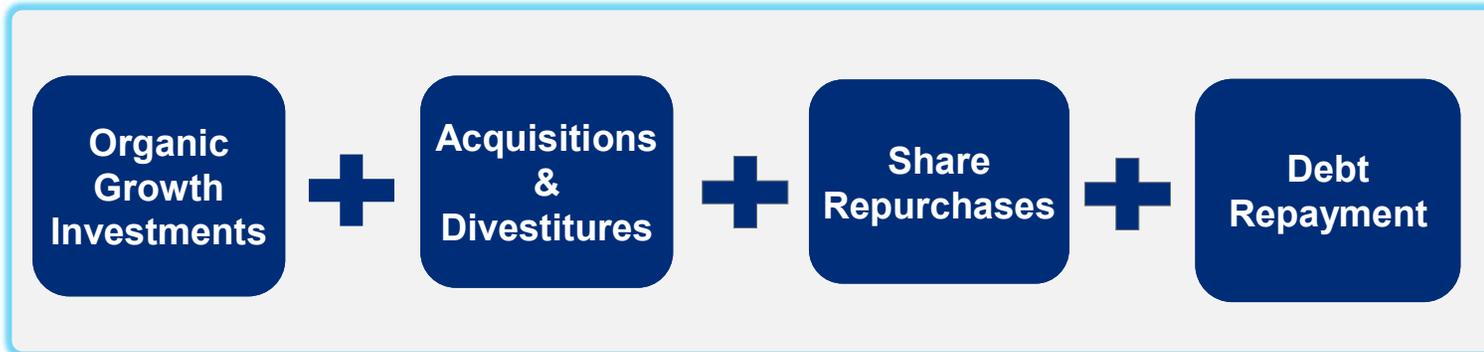

- Revenue decrease resulting from slowdown in both branch business and SK Oil driven by customer shutdowns, reduced demand for core services, decline in base oil demand
- Adjusted EBITDA and margin decreased sharply due to lower revenue, pricing of base/blended products and costs of re-refinery shutdowns, partly offset by government assistance and cost reduction efforts
- Performed 215K parts washer services, down from 242K a year ago; other core offerings also underperformed due to pandemic
- Gathered 43 million gallons of waste oil, compared with 63 million a year ago; substantially increased average charge-for-oil to record levels
- Blended products accounted for 29% of volume compared with 28% in Q2'19; direct volume was 10% in the quarter vs. 7% a year ago

* For a reconciliation of Adjusted EBITDA to net income, please refer to the appendix in this presentation.

Capital Allocation Strategy

- Four key elements:

- Invest capex to drive growth
- Evaluate acquisition and divestiture opportunities
- Execute buyback plan
- Assess current debt structure

Financial Overview

Q2 Income Statement

(in millions, except per share data)

	Q2 2020	Q2 2019
Revenue	\$710.0	\$868.7
Cost of revenues	\$470.7	\$594.9
Gross profit	\$239.3	\$273.7
Gross margin %	33.7%	31.5%
Selling, general and administrative expenses	\$103.8	\$123.9
SG&A %	14.6%	14.3%
Depreciation and amortization	\$72.5	\$74.2
Income from operations	\$60.2	\$73.0
Adjusted EBITDA*	\$135.5	\$149.8
Adjusted EBITDA* margin %	19.1%	17.2%
Net income	\$29.0	\$36.2
Diluted earnings per share	\$0.52	\$0.65
Adjusted earnings per share*	\$0.52	\$0.66

* Please refer to the appendix in this presentation for a reconciliation to the nearest GAAP equivalent.

Balance Sheet Highlights

(in millions)

	<u>6/30/20</u>	<u>3/31/20</u>	<u>12/31/19</u>
Cash and short-term marketable securities	\$506.7	\$494.3	\$414.4
