PROXY STATEMENT

This Proxy Statement and the accompanying Notice of Annual Meeting of Shareholders are being furnished to the holders of common stock, \$0.1 par value ("Common Stock"), of Clean Harbors, Inc., a Massachusetts corporation (the "Company") in connection with the solicitation of proxies by the Company's Board of Directors for use at the 2008 Annual Meeting of Shareholders, and any adjournment thereof. The Annual Meeting will be held at the Company's headquarters, 42 Longwater Drive, Norwell, Massachusetts, on May 15, 2008, commencing at 10:00 a.m., local time.

PROXY SOLICITATION

Proxies in the accompanying form properly executed and received prior to the meeting and not revoked will be voted as specified or, if no instructions are given, will be voted in favor of the proposals described herein. Any shareholder giving a proxy has the power to revoke it at any time before it is exercised by (1) filing with the Secretary of the Company written notice thereof (mailed to the attention of the Secretary, Clean Harbors, Inc., 42 Longwater Drive, Norwell, MA 02061); (ii) filing a later dated proxy (using a proxy card); or (iii) appearing at the Annual Meeting and giving the Secretary notice of his or her intention to vote in person. The cost of this solicitation shall be borne by the Company. Solicitations of proxies by telephone or in person may be made by the Company's directors, officers or other employees, but any such solicitation will be carried on during working hours and for no additional cost, other than the time expended and telephone charges in making such solicitation. This Proxy Statement and the accompanying proxy form are first being mailed to shareholders beginning on or about April 14, 2008.

INFORMATION AS TO VOTING SECURITIES

On April 7, 2008, the record date for the Annual Meeting, there were 20,403,247 issued and outstanding shares of Common Stock. The presence in person or by proxy of a majority of shares of Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Each share is entitled to one vote. Only shareholders of record at the close of business on the record date will be entitled to vote at the meeting. Votes cast by proxy or in person at the meeting will be counted by persons appointed by the Company to act as election inspectors for the meeting.

At the Annual Meeting, the shareholders will vote upon the proposed election of four Class I directors. Election of each of the Class I directors will require the affirmative vote of the holders of a plurality of the total shares of Common Stock cast at the meeting. Votes withheld from any nominee for election as a director will have the effect of "against" votes. Abstentions on such election and any broker "non-votes" will be counted as present or represented for purposes of determining the presence of a quorum for the meeting, but will not be taken into account in the voting. Broker "non-votes" occur when a broker holding shares in "street name" votes on one proposal, but does not vote on another proposal because the broker does not have discretionary voting power and has not received instructions from the beneficial owner of such shares. Usually, this would occur when brokers holding stock in "street name" have not received any instructions from clients, in which case the brokers (as holders of record) are permitted to vote on "routine" matters but not on "non-routine" matters. However, the election of directors is a "routine" matter, and brokers are therefore generally able to vote shares held in "street name" on such election without receiving instructions from the beneficial holders of such shares.

The Board of Directors has fixed the number of Class I directors to be elected at the Annual Meeting at four and nominated Messrs. McKim, Banucci, Kaslow and Shields to continue to serve as Class I directors.

Election of each of the Class I directors will require the affirmative vote of the holders of a plurality of the total shares of Common Stock represented at the Annual Meeting. Unless otherwise specified therein, shares represented by the enclosed proxy will be voted to elect Messrs. McKim, Banucci, Kaslow and Shields as Class I directors of the Company for a three-year term, until the 2011 Annual Meeting of Shareholders and until their respective successors shall be duly elected. In the event that any of the nominees is unable to stand for election (which event is not now contemplated), the holders of the enclosed proxy will vote for the election of a nominee or nominees acceptable to the remaining members of the Company's Board of Directors. The Board of Directors recommends that shareholders vote "FOR" the election of Messrs. McKim, Banucci, Kaslow and Shields as Class I directors.

Board Committees and Meetings

The Board of Directors is the ultimate decision making body of the Company except with respect to those matters reserved by law or the By-Laws of the Company to the shareholders. The Board is responsible for selection of the Chief Executive Officer and for advising the Chief Executive Officer with respect to the selection of a management team, providing oversight responsibility and direction to management and evaluating the performance of management on behalf of the shareholders.

During 2007, the Board held five meetings, of which one was held by conference call. All directors attended at least 75% of each of the meetings of the Board and the committees on which they served. All members of the Board attended the annual meeting of shareholders.

The Board has established three committees, the Audit Committee, Compensation Committee and Corporate Governance Committee. The Board has determined that a majority of its members are "independent directors" as defined by the rules of the Nasdaq Stock Market. The Board has also determined that each of the committees of the Board consists solely of non-employee "independent directors," as defined by the rules of the Nasdaq Stock Market which are applicable to membership on such committees, and that each member of each committee is free of any relationship that would interfere with his ability to exercise independent judgment. In addition, there are no interlocks between the members of the Compensation Committee and the compensation committee of any other entity. Based upon their training and experience as described above under "Directors and Executive Officers of the Company," the Board has also determined that each of Andrea Robertson and Thomas J. Shields qualifies as an "audit committee financial expert," as defined by Item 407(d)(5)(ii) of Regulation S-K under the Securities Exchange Act of 1934. All members of the committees are appointed by the Board, and each committee operates under a charter approved by the Board. These charters are available on the Company's website at www.cleanharbors.com.

Audit Committee

During 2007, Thomas Shields, Chairman, Eugene Banucci, John Kaslow, and Andrea Robertson served on the Audit Committee. The primary functions of the Audit Committee are to select the Company's independent registered public accounting firm, to review the scope of and approach to audit work, and to meet with and review the activities of the Company's internal accountants and the

Company's independent registered public accounting firm. During 2007, there were seven meetings of the Audit Committee, of which two were held by conference call.

Compensation Committee

During 2007, Daniel McCarthy, Chairman, John Barr, John DeVillars and Lorne Waxlax served on the Compensation Committee. The primary responsibilities of the Compensation Committee are the recommendation of a compensation package for the Chief Executive Officer to the full Board of Directors, review and approval of other senior executive officer compensation, review and approval of corporate management compensation policies, and management of the Company's equity incentive and employee stock purchase plans. The Committee also works with the Chief Executive Officer in developing annual goals for the Chief Executive Officer and his senior executive staff and evaluates their success in achieving those goals at the end of each year. The Compensation Committee held five meetings during 2007, of which one was held by telephone conference call.

Corporate Governance Committee

During 2007, Lorne Waxlax, Chairman, Daniel McCarthy, Thomas Shields and John Preston served on the Corporate Governance Committee. The primary responsibilities of the Corporate Governance Committee are to serve as a nominating committee for directors and board officers, recommend committee structures, review director compensation, monitor the Company's social responsibility programs and assist the Board in reviewing the performance of the Board and the Chief Executive Officer. The Committee met four times during 2007. None of these meetings was held by conference call.

The Corporate Governance Committee works with the Board on an annual basis to determine the appropriate characteristics, skills and experience for the Board as a whole and its individual members. In evaluating the suitability of individual Board members, the Board takes into account many factors which include, in addition to high personal and professional ethics, integrity and values, particular industry or geographic experience, understanding of the business of the Company, particular disciplines such as finance, marketing, sales and management, and personal, educational and professional background. The Board evaluates each individual in the context of the Board as a whole, with the objective of recommending directors who provide a diversity of experiences and will best perpetuate the success of the business and exercise sound judgment in representing the interests of shareholders. In determining whether to recommend a director for re-election, the Committee also considers the director's past attendance at meetings and contributions to the activities of the Board. In the past, nominees for the Board have been submitted by members of the Board. However, the Corporate Governance Committee will also consider shareholder recommendations for Board candidates. For the 2009 annual meeting of shareholders, names of potential Board candidates should be received no later than January 15, 2009. The Committee will use the same evaluation method described above in assessing any candidates recommended by shareholders. The name of any recommended candidate for director, together with a brief biography, a document indicating the candidate's willingness to serve, and evidence of the nominating person's ownership of Company stock, should be sent to the Chairman, Corporate Governance Committee, at the address of the Company.

Shareholders and other interested parties may communicate with the Board by mail or electronically. To communicate with the Board, correspondence should be addressed to Daniel J. McCarthy, Lead Director, c/o General Counsel and Assistant Secretary, Clean Harbors, Inc., 42 Longwater Drive, Norwell, MA 02061-9149, or gearyb@cleanharbors.com. All correspondence received as such will be opened by the office of the General Counsel for the sole purpose of determining whether the contents represent a message to directors. Any communication that is not in the nature of advertising, promotion of a product or service, or patently offensive material, will be forwarded promptly to the Lead Director for distribution to the other members of the Board.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Clean Harbors had a very successful 2007, and some of the key accomplishments which relate to performance-based compensation were as follows:

- Revenue increased by 14.1% to \$946.9 million, compared with \$829.8 million for 2006.
- Earnings before interest, taxes, depreciation and amortization ("EBITDA") increased by 11.2% to \$133.3 million, compared with \$119.9 million for 2006. EBITDA is defined in accordance with our outstanding credit agreements and is calculated as reported (and reconciled to our net income and net cash provided by operating activities) in our Annual Report on Form 10-K for the year-ended December 31, 2007.

This Compensation Discussion and Analysis is intended to provide context for the decisions underlying the compensation reported in the Executive Compensation Table included in this Proxy Statement for the Company's Chief Executive Officer, Chief Financial Officer and the three other executive officers who had the highest total compensation for 2007, as set forth in the Summary Compensation Table below (these five executive officers being referred to as the "Named Executive Officers"). The Compensation Discussion and Analysis will discuss corporate and individual performance targets and goals for senior executive officers, including the Named Executive Officers. These targets and goals are disclosed in the limited context of our executive compensation program. You should not interpret them as statements of our expectations or as any form of guidance by us. We caution you not to apply the statements or disclosures we make in the Compensation Discussion and Analysis in any other context.

Role of the Compensation Committee

The Compensation Committee of the Board of Directors (the "Committee") currently consists of four independent directors whose major responsibilities include the recommendation to the full Board of a compensation package for the Chief Executive Officer; review and approval of other senior executive officer compensation; review and approval of corporate management compensation policies; management of the Company's equity incentive and employee stock purchase plans, and oversight of the Trustees of the Company's 401(k) Plan.

The Committee has delegated to our Chief Executive Officer the authority to issue to new hires non-qualified stock options for up to 5,000 shares and non-performance based restricted stock awards for up to 1,500 shares. All other awards are granted by the Committee. The Chief Executive Officer works with the Committee in proposing modifications to compensation plans for senior management, determining executive compensation for members of senior management other than the Chief Executive Officer, developing the Chief Executive Officer's own goals for each year and reviewing the goals and achievements of the officers who report directly to him.

Compensation Philosophy and Objectives

Our fundamental philosophy regarding executive compensation is to offer competitive compensation opportunities in order to attract and retain a talented and motivated work force and to align individual compensation with the goals, values and priorities of the Company and the interests of its shareholders. Compensation for executive officers currently consists of three basic elements: base compensation and benefits, performance-based salary or "salary at risk," and awards of long-term equity incentives through performance-based restricted stock awards. For 2007 the total potential for performance based compensation for the Named Executive Officers and other senior executive officers was designed to constitute more than fifty percent of the executive's total compensation.

Base Compensation

We commissioned a study of overall compensation for our executive officers and directors in 2005, after which we determined that base compensation for most named executive officers appeared to be in the median range for comparable companies. The consultant for the compensation study developed a list of 37 companies with revenues spanning from \$250 million to \$2.5 billion, engaged in environmental services, waste handling, technological services or medium technology processing businesses. The list of peer group companies selected by our consultant is described below.

AMERION	LONE STAR TECHNOLOGIES INC.	SHULMAN A INC.
BARNES GROUP INC.	MACDERMID	SPARTA INC.
BELDEN CDT INC.	MGE ENERGY INC.	STERICYCLE INC.
CALGON CARBON CORPORATION	MINERALS TECHNOLOGIES INC.	SUPERIOR IND INTERNAITONAL INC.
CASELLA WASTE SYSTEMS INC.	MSC INDUSTRIAL DIRECT CO INC.	SYNAGRO TECHNOLOGIES INC.
CH2M HILL COMPANIES LTD.	MYERS INDUSTRIES INC.	TELEDYNE TECHNOLOGIES INC.
CHEMED CORP.	NORDSON CORP.	TETRA TECH INC.
CLARCOR INC.	PARK OHIO HOLDINGS CORP.	TRC COMPANIES INC.
DURATEK INC.	PAYCHEX INC.	TREDEGAR CORP.
FEDERAL SIGNAL CORP.	PBSJ CORP.	WASTE CONNECTIONS INC.
G&K SERVICES	PRG SCHULTZ INTERNATIONAL INC.	WASTE INDUSTRIES USA INC.
IESI CORP.	REGAL BELOIT CORP.	
IONICS INC.	REPUBLIC SERVICES INC.	

Because of the unique nature of our business and the high degree of governmental regulation, it was difficult to identify truly comparable companies. However, the information provided to the Committee by the consultant was helpful in determining an appropriate range of compensation for our executive officers. The Committee will continue to work in the future on developing an appropriate peer group from which to draw comparative compensation information.

Benefits

Named Executive Officers and other senior executive officers receive the same benefits as other employees of the Company; medical and dental coverage, paid 75% by the Company and 25% by the employee; life insurance equal to two times base salary with a cap of \$250,000 (x2 for accidental death); long and short term disability insurance, and participation in our 401k and employee stock purchase plans.

Performance Based Compensation

For the Named Executive Officers and other senior managers, other than the Chief Executive Officer, the Committee approved an incentive bonus program for 2007 similar to that for 2006. Our 2007 Management Incentive Program ("MIP") covered 185 management positions, including all Named Executive Officers other than the Chief Executive Officer. Participants were eligible to earn a cash bonus (payable in the first quarter of 2008) equal to 10-80% of base compensation (depending on their level of management responsibility) if the Company achieved or exceeded various EBITDA targets. The threshold EBITDA target to be achieved in 2007, in order for a participant to receive a minimum bonus of 25% of potential bonus, was \$110 million. A median bonus of 50% of potential bonus would be earned if the Company achieved \$136 million of EBITDA, and a participant would receive his or her maximum potential bonus if the Company achieved its maximum EBITDA target of \$149 million. The Committee reserved the right to adjust target levels in order to consider extraordinary events such as accounting rule changes and acquisitions. If the Company failed to meet its maximum EBITDA target, a participant might still earn a bonus of up to 30% of base compensation (not to exceed a total bonus of 80% of base compensation for Named Executive Officers) if the participant met or exceeded certain personal goals or goals established for his or her business unit. Payouts under the 2007 MIP totaled \$2,789,858 and payments to individual participants ranged from \$259 to \$142,615.

Long-Term Equity Incentives

The final element of compensation for executives is long-term equity incentives, designed to align the interests of participants with those of shareholders of the Company and to encourage retention of senior executives through periodic vesting. Prior to 2006 the Compensation Committee had periodically issued equity awards to executives in the form of non-qualified stock options with typical 5-year vesting based upon continued employment. However, after a complete review of executive compensation in 2005, we changed our practice and now use restricted stock. Non-performance-based restricted stock, with five year vesting contingent upon continued employment, is usually limited to new hires. The Company granted one non-performance-based restricted stock award of 1,500 shares and two common stock awards of 1,500 shares and 1,000 shares, respectively, to three newly hired executive officers during 2007.

In 2006 the Committee began the use of performance-based restricted stock awards, issued under the Company's 2000 Stock Incentive Plan, as a form of long-term equity incentive. Under the Long Term Equity Incentive Program ("LTEIP") under which the Committee grants to members of the Strategic Management Council ("SMC") performance-based restricted stock awards with two-year targets and additional vesting based upon continued employment with the Company. On January 24, 2007, the Compensation Committee granted 50,598 shares of performance-based restricted stock awards under the LTEIP to 55 members of the SMC, not including the Chief Executive Officer. An additional 4,558 shares of performance-based restricted stock awards were issued to executive officers who joined the Company during the first half of the year. Depending upon the level of responsibility of a particular executive within the SMC, he or she was eligible to receive performance-based restricted stock awards valued at December 31, 2006 at 20%, 25% or 40% of base compensation. Each of the Named Executive Officers, other than the Chief Executive Officer, received the maximum 40%. There were two separate performance goals under the 2007 LTEIP to be achieved by the end of 2008: revenue of \$954 million and EBITDA as a percentage of revenue ("EBITDA Margin") of 15.8%. If both goals were to be achieved in 2007, 50% of the performance-based restricted stock awards would vest on March 15, 2008 and 50% on March 15, 2009. If both goals were to be achieved in 2008, the shares would vest as to 33% on December 15, 2009, 33% on December 15, 2010 and 34% on December 15, 2011. If neither goal were to be achieved by 2008, the performance-based restricted stock awards would be forfeited.

Our revenue for 2007 was \$946.9 million and the EBITDA Margin was 14.6%. However, that revenue only included approximately \$7 million of emergency response work compared to 2006 revenues which

included approximately \$27 million of emergency response work. Because management was instrumental in increasing 2007 revenue by 14.1% over 2006, notwithstanding the fact that emergency response work was down by approximately \$20 million, the Committee voted on March 12, 2008 that 25% of the shares awarded under the 2007 LTEIP would vest on March 15, 2008 and 25% will vest on March 15, 2009. The balance (50%) will vest depending on whether the Company meets both revenue and EBITDA Margin goals by the end of 2008. The total market value of the shares of performance-based restricted stock at the time of the granting of the awards in 2007 totaled \$2,849,197.

Chief Executive Officer Compensation

During 2007 our Chief Executive Officer, Alan S. McKim, received base compensation of \$533,333. The performance bonus for Mr. McKim, awarded in March 2008, was based upon his attainment of specific goals and objectives approved by the Committee and the Board at the beginning of the 2007. These goals and objectives included improvement of health, safety and compliance statistics, revenue of \$909 million, EBITDA of \$136 million, EBITDA Margin of 15%, \$10 million of non-budgeted cost reductions, days of sales outstanding ("DSO") (based upon the time of payment of our outstanding billings) of 65 days, and certain key hires. Mr. McKim far exceeded all of his goals for the year other than EBITDA Margin (14.6%) and DSO (74 days). In March, the Board of Directors voted to increase Mr. McKim's base compensation for 2008 to \$625,000 and awarded him a performance bonus of \$675,000 for his outstanding achievements during 2007. The Board did not award Mr. McKim any equity incentive during 2007, and it has not done so in any previous year, because of the belief that Mr. McKim is fully motivated by the large amount of founder stock which he already owns and the unwillingness of Mr. McKim to accept long-term incentive awards similar to those of other senior management.

Accounting and Tax Considerations

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers to the extent that annual compensation paid to any such officer exceeds \$1 million. In order to facilitate the Company's future ability to fully deduct compensation income paid to its executive officers, the Company amended in 2005 the Company's 2000 Stock Incentive Plan so as to permit the Compensation Committee to structure stock option grants and restricted stock awards in a manner intended to allow deductions under Code Section 162(m). The Compensation Committee intends to structure stock option grants and restricted stock awards in such a manner unless the Committee determines that such compliance would not be in the best interests of the Company or its shareholders.

Stock Ownership Guidelines

The Board of Directors has established stock ownership guidelines for Directors and Executive Officers. Directors are expected to hold stock valued at three times their annual retainer within three years of becoming a director, Named Executive Officers and certain other high level executive officers are expected to hold stock valued at 150% of their base compensation, after having received five years of long term equity awards, and other executive officers are expected to hold stock valued at 50% of their base compensation within the same time period.

Employment, Termination of Employment and Change of Control Agreements

We do not have employment agreements with our executive officers. However we have provided "change of control" protection under certain stock option and restricted stock award agreements granted to executive officers. Some of those agreements provide that options or restricted stock will fully vest upon a change of control, while others provide that if an employee is involuntarily terminated or experiences a change of position and a reduction in salary or relocation within 12 months of a change of control, the employee's options and restricted stock awards become fully vested.

In 1998, we adopted an Executive Retention Plan ("Retention Plan"), for certain members of senior management. The Retention Plan provides for severance payments upon termination by the Company without "cause" in exchange for the executive's execution of a one-year non-competition agreement. For termination other than for cause and not related to a change in control, the Retention Plan calls for the payment to the executive of base salary until the first to occur of one year or earlier employment at the rate in effect at the time of termination of employment, payable periodically in accordance with the Company's normal executive salary payment policies, plus up to one year of continued medical, dental, life insurance and other benefits, if any, available to the executive at the time of his or her termination of employment.

Under the Retention Plan, in the event of a Change in Control (as defined in the Plan), an executive who participates in the Plan will receive severance benefits equal to one year's base salary and benefits if his or her employment with the Company is terminated for any reason within 30 days after a Change in Control. Also, an executive shall be entitled to receive the same severance benefits if the executive does not receive a position equal to the position that the executive held prior to the Change in Control or if the primary work location is not within 30 miles of such location prior to the Change in Control. If the executive accepts a position with the successor corporation after the Change in Control, and, within two years of the Change in Control, the executive's position changes so as not to be equal to his or her position prior to the Change in Control, then the executive shall be entitled to the same severance benefits. Under the Retention Plan, one year's base salary is payable within 30 days after termination of employment relating to a Change in Control.

Director Compensation

The Company's policy during 2007 was to pay each non-employee director an annual retainer fee of \$25,000 plus \$2,000 for each Board meeting attended, \$1,000 for each committee meeting attended and \$1,000 for meetings conducted by telephone conference call as well as 300 shares of restricted stock. The Company also paid non-employee directors an additional \$1,000 for serving on the Audit Committee, Compensation Committee or Corporate Governance Committee, \$7,500 for serving as Chairman of the Audit Committee, and \$5,000 for serving as Chairman of the Compensation Committee or Corporate Governance Committee. The Company also paid an additional \$7,500 to the Lead Director. Directors are also reimbursed for the expenses they incur in connection with service on the Board and its committees. The Company does not provide any pension or unqualified deferred compensation to any of its directors.

According to the Company's 2000 Stock Incentive Plan which was approved by the shareholders at the 2000 Annual Meeting, as amended by the amendment dated February 21, 2007 which was approved by the shareholders at 2007 Annual Meeting, each director who is not an employee of the Company receives upon election to the Board a grant of a five-year (five-year prior to such amendments), non-qualified stock option to purchase that number of shares of the Company's Common Stock determined by multiplying 2,000 by the number of years or fraction thereof for which the director shall be elected, at the market price of the Common Stock on the date of election, vesting immediately as to the first 2,000 shares of any award and as to an additional 2,000 shares on each anniversary of the date of election. Awards to directors appointed to fill a vacancy on the Board for less than one year are prorated. During 2007, upon their election as directors to serve for a term of three years, each of John P. DeVillars, Andrea Robertson and Daniel J. McCarthy, the three non-employees elected as directors during such year, received options for 6,000 shares at the market price of \$46.01 per share. John F. Kaslow received options for 2,500 shares at the market price of \$53.23 per share upon his reappointment to the Board for a partial term in February 2007.

The following table describes the compensation paid by the Company to each of its non-employee directors during 2007:

Appointment of Independent Registered Public Accounting Firm

The Company's independent registered public accounting firm is selected by the Audit Committee of the Board of Directors. The Audit Committee has selected Deloitte & Touche LLP ("Deloitte") to serve as the Company's independent public accounting firm for the year ending December 31, 2008. Deloitte served as the Company's independent public accounting firm for the years ended December 31, 2007, 2006 and 2005. Representatives of Deloitte are expected to be present at the Annual Meeting to respond to appropriate questions and will have the opportunity to make a statement if they so desire.

In deciding to engage Deloitte, the Audit Committee reviewed auditor independence issues and existing commercial relationships with Deloitte and concluded that Deloitte has no commercial relationship with the Company that would impair its independence.

During the two most recent fiscal years of the Company ended December 31, 2007, the Company did not consult with Deloitte regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Audit and Related Fees

In addition to retaining Deloitte to audit the Company's consolidated financial statements for the two years ended December 31, 2007, the Company and its subsidiaries retained Deloitte to provide tax and certain other services for 2007 and 2006. The aggregate fees and expenses billed for 2007 and 2006 for these services were as described in the following table:

	For the Year	
	2007	2006
Audit Fees	\$ 2,267,703	\$ 2,488,944
Audit-Related Fees	42,013	176,400
Tax Fees	557,879	966,404
All Other Fees	123,272	54,600
	<u>\$ 2,990,867</u>	<u>\$ 3,786,348</u>

Audit Fees (\$2,267,703 for 2007 and \$2,488,944 for 2006) include fees and expenses for services rendered in connection with the audits of the Company's consolidated annual financial statements and internal controls over financial reporting, reviews of quarterly financial statements included in the Company's Form 10-Q reports, and services that are normally provided by independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or review of the financial statements and internal controls over financing reporting, and the preparation of an annual "management letter" on internal control matters.

Audit-Related Fees (\$42,013 for 2007 and \$176,400 for 2006) include fees and expenses for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under "Audit Fees". The services for the fees disclosed under this category normally, include benefit plan audits, other accounting consulting, and vendor and customer compliance audits.

Tax Fees (\$557,879 for 2007 and \$966,404 for 2006) include fees and expenses for tax planning, U.S. and foreign tax compliance, applications for tax credits and accounting method changes and other general consultation and advise.

All Other Fees (\$123,272 for 2007 and \$54,600 for 2006) include fees and expenses for services which do not fall within the categories described above. A significant portion of such services were related to due diligence in connection with acquisitions.

The Audit Committee of the Board of Directors follows procedures designed to ensure that all audit and permitted non-audit services provided by the Company's independent registered public accounting firm are pre-approved by the Audit Committee. All of the services described above for 2007 and 2006 were pre-approved by the Audit Committee. The Audit Committee has discussed these matters with the Company's independent registered public accounting firm. The Audit Committee also monitors the Company's compliance with restrictions put in place to continue to ensure that the services provided by the Company's independent registered public accounting firm are consistent with the maintenance of that firm's independence in the conduct of its auditing functions.

Audit Committee Report

The Audit Committee of the Board of Directors (the "Committee") is now comprised of the four directors named below. The Company's Board of Directors has determined that each member of the Committee is an independent director (as independence is defined in NASDAQ listing standards applicable to membership on audit committees). In addition, the Company's Board of Directors has determined, based upon their education and experience, that each of Andrea Robertson and Thomas J. Shields is an "audit committee financial expert" as defined by Item 407(d)(5)(ii) of Regulation S-K under the Securities Exchange Act of 1934. The Audit Committee has adopted a written charter, which has been approved by the Board of Directors. A copy of that charter, as most recently revised by the Board of Directors on February 7, 2004, is available on the Company's website at www.cleanharbors.com. The Committee has reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements, and with the Company's independent registered public accounting firm. The Company's independent registered public accounting firm is responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on the Company's internal controls over financial reporting. The Committee has discussed with the Company's independent registered public accounting firm, which was Deloitte & Touche LLP ("Deloitte") for 2007 and 2006, the matters that are required to be discussed by Statement on Auditing Standards No. 61, "Communication With Audit Committees." Deloitte have also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Committee discussed with Deloitte that firm's independence. The Committee also considered whether the provision by Deloitte of non-audit related services, which for 2007 and 2006 consisted primarily of tax services, is compatible with the independence standard.

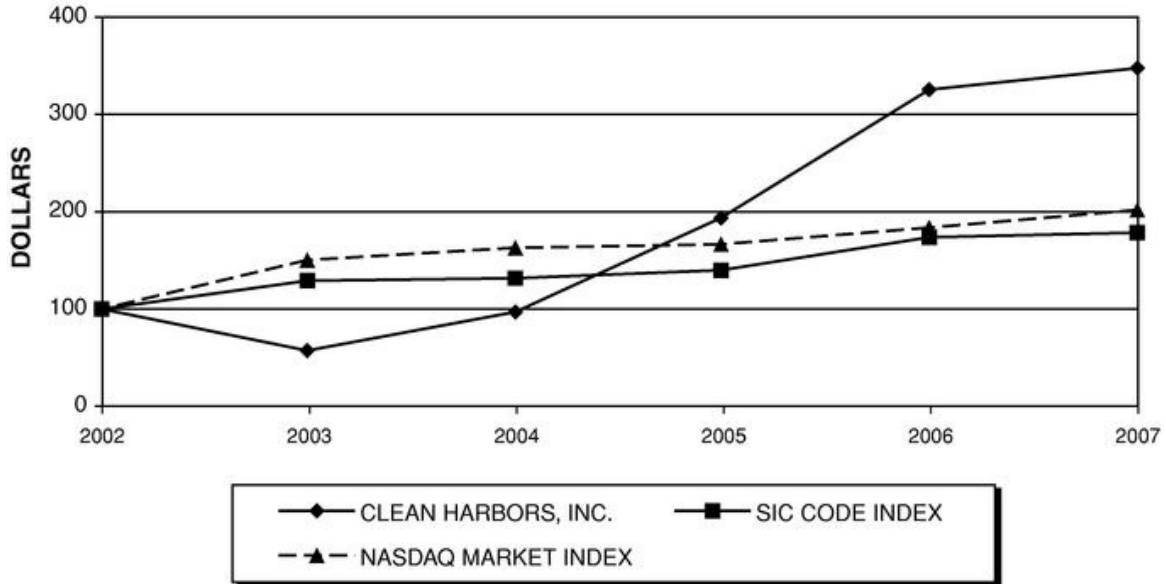

Based on the considerations referred to above, the Committee recommended to the Board of Directors that the financial statements audited by Deloitte for 2007 and 2006 be included in the Company's Annual Report on Form 10-K for 2007, and the Committee has appointed Deloitte as the Company's independent registered public accounting firm for 2008. The foregoing report is provided by the following independent directors, who constitute the Audit Committee.

Thomas J. Shields, Chairman
Eugene Banucci
John R. Kaslow
Andrea Robertson

Section 16(a) Beneficial Ownership Reporting Compliance

Copies of those reports are to be furnished to the Company. Based solely on its review of copies of the reports received by it, or written representations from certain reporting persons, the Company believes that during 2007 such filing requirements were satisfied on a timely basis, except that Deirdre Evens, William Geary, William O'Connor, Darren Scandone and Lorne Waxlax each filed a late Form 4.
